

Personal Presentation Forum

Tecnólogo en Análisis y Desarrollo de Software

Dear learners,

Welcome to this presentation activity. Please introduce yourself to the class and tell us about you, the place where you live, your age, the place you are originally from, your hobbies and other things you consider important. Below you can find my own presentation that you can use as an example to write yours!

Best regards, Alexander Arenas Barco

Hello everyone,

My name is Alexander Arenas Barco, I was born on July 19, 1990, right here in the beautiful city of Manizales. I have cherished every moment of my life here. I hold a bachelor's degree in modern Languages from the Universidad de Caldas. I have worked at SENA since 2014. I have had the opportunity of teaching English, Italian, French and Spanish as a foreign language in Kazakhstan.

In my free time I like reading books, listening to music, traveling, going to the movies, watching movies or series on streaming platforms, and riding a bike. I would like to learn how to cook someday.

My main goal in this course is to share my knowledge with as many people as possible. I'm here to help and support you throughout this amazing journey of learning and knowledge-sharing. If you need assistance or want to discuss anything, feel free to reach out to me anytime.

I'm looking forward to getting to know all of you and engaging in some interesting discussions.

Let's make this forum a place for learning, sharing, and building connections.

Best regards,

Alexander Arenas Barco
